# North State Drinking Water Solutions Network WEBINAR

## WEBINAR DETAILS

Wednesday, May 11  
Noon – 2 PM

[Click here to join the  
webinar](#)

The North State Drinking Water Solutions Network is convened by the Northern California Water Association (NCWA) as a forum for interested parties to share information and coordinate efforts related to ensuring that all communities in the Sacramento River Basin have access to safe drinking water.

Representatives from local government, water systems, nonprofit technical providers, community representatives, landowners, and others interested in advancing drinking water solutions are all invited to participate and share your ideas.

The two-hour webinar will focus on sharing information regarding:

- [Ensuring Drinking Water Resiliency for the Sacramento Valley in a Dry Year](#)
- [How California Groundwater Live Supports Communities in a Dry Year](#)
- Lessons Learned from 2021 Dry Year to Prepare for 2022
- Senate Bill 552 – Water Shortage Planning for Small Water Suppliers and Counties
- Funding for Small Communities and Counties
- Advancing Water Resiliency of Community Water Systems – Palermo and Orland
- Funding Safe Drinking Water Solutions – Governor’s May Revise Budget
